

Visiting Hang Kenh commune (Hai Phong)

Before 1945, the goods usually open channel of the appellate week in mid February lunar year to remember Ngo Quyen; often POSTPAY Training sing, dance phonix wood, singing chèo neck and create more fun in the air for the No, vậ t thậ nh opportunity to first Spring Before 1945, the goods usually open channel of the appellate week in mid February lunar year to remember Ngo Quyen; often POSTPAY Training sing, dance hậ c wood, singing chèo neck and create more fun in the air for the No, to first Spring festival.

According SaigonNet, located center city Hai Phong 2km to the east, home goods channel is considered to be the network architecture designs full patch art style of a traditional home ngôi Vietnam.

Dating Every channel is built with materials of iron wood. Đình layout style of the text, which includes two parts: the house in front, providing logistics in the back, connecting the two parts of the globe. Mái đình hen that overlap, the center has lậ ng Long Chau Nguyen. Both sides of the roof nóc shore house design is quite unique with two dragons and Sharp are the top back ngậ m dismantle nóc. Four curved roof top four fish's last pair of dragons get tangerine wrap like want to give praise to fly home.

Court's architecture is the most important in the overall architecture of the home, length 32m, width 13.2 m, design style "because anti-beds." The house has all 7 of the 32 column, the house divided into 5 times. Each column has perimeter around 2m, 5m high, under each column are the rock hit blue lotus flower pictures in it.

Besides the beauty of architecture, home goods channel, there is value in sculpture. The array engraved dragon, cloud, are stylized in the face of the board, under the chậ n but as challenges at the same time. Time home of the retina are painted gold cards son was hit bin symmetric. Retina door like this picture of a living sculpture with images lậ ng Long Chau Nguyen, Phuong xoe double bird wings, horse over, turtles wrong foot with a water lotus. In the array has more than 100 engraved images that dragons - a "commander" of the Vietnamese is the main topic. Unique feature is the 308 dragons engraved portions of each one looks, from the each other and work together at each drive, the dragon mother dragon wrap between the tangerine trees are. Rare where artists use the same way "Bong's" or "touch long" engraved as to where.
