

Tet Doan Ngo

Tet Doan Ngo

Time: 5 / 5 lunar.

Location: In all of the Kinh (Viet).

Feature: Tet Doan Ngo is also called Tet Doan Duong, Doan Ngu or Nhĩ holidays is between five to prevention and exorcism (date change to spring weather to cause disease). On the "depth of killing" all up early to eat the sticky wine and fruit. Ceremony to be conducted between noon hour Ngo. Tet Doan Ngo is also called Tet Sections Duong many people continue to the present. Morning children eat fruit, wine sticky, boil eggs, by the competent commission thop first, the chest, ron to kill in the deep. Adults are killed by the deep drinking alcohol or eating sticky. Children killed depth of finish as sitting on the bed, nose and face washing, hand-finished legs started dying nails, nail, wearing only the team. Girls up to age string holes on the date that this string. Ngo predictions because it is also the first time must also to NGO. T c hái mùng in medicine also started hours maize, there is time while the best in both years, leaves have been the second time in which treatment works well, especially of foreign experience, the sound of damaged. We pick any kind What is available in the garden, in the area, free hundreds of stars all types, but have all kinds of leaves in such appetite, read the coffee, cassava leaves ... hái not dare.
